Fern Wilson, Ben Rickard, Earl Gaines, Herschel Williams, Jack Henrich, Gus Van Beek and Dixon W. Fletcher of Arkansas.

The first number in the entertainment course was given last Friday evening in the Methodist Episcopal Church. Owing to a conflict in dates the Opera House could not be secured for these entertainments. The Chicago Ladies' Quartette were chosen as the introductory number and if the balance of the course is as good, the result will be very satisfactory to the patrons. Each member of the quartette is an artist in her line and Miss Palmer won double honors as a reader and a singer.

Chrysanthemum Display.

Farmington is forging to the front in many ways and is rapidly adding to its attractions. The latest is the superb display of chrysanthemums at the Butterfield nursery. FATAL ACCIDENT.

Adolph Duran Accidentally Shoots Himself and Dies from Shock and Loss of Blood.

Adolph Duran of Leanington and some neighbors went rabbit hunting last Sunday morning and about 10:30 o'clock, while they were sitting around on the ground, a rabbit ran by. Adolph, watching the rabbit, grasped his gun, which was lying on the ground, by the barrel and pulled it toward him. In some way the gun was discharged, and the lead, which was of buckshot, struck his left arm between the elbow and shoulder, cutting the bone in two and severing the large artery.

None of his companions, it seems, knew what to do in the emergency to stop the flow of blood, and it was probably forty-five minutes before a physician could be notified and reach him. Dr. F. L. Keith of Flat River was summoned, but being away on a professional call Dr. Frank Weber hurried to the injured man and succeeded in stopping the hemorrhage. Dr. C. R. Fleming of Farmington was also called at 11 o'clock and went out on the electric car and brought Mr. Duran over to the Sanatorium. Dr. Keith came over from Flat River in the afternoon, and in consultation with Dr. Fleming it was decided that any operation was inadvisable until the wounded man should rally from the shock; but his condition continued to grow worse until about 5:30 o'clock, when he expired from the severity of the shock and loss of blood.

Mr. Duran was a diamond drill man, working for the Doe Run Lead Company, and leaves a wife and two children to mourn his sad and untimely death. He also leaves a father and mother, Mr. and Mrs. George Duran of Farmington. The family has the sympathy of many friends in their sorrowful bereavement.

Obituary.

George A. Willett, formerly of Ste. Genevieve county, died at his home in Perry, Oklahoma, on the 16th ult. The following obituary is taken from the Perry (Okla.) Exchange:

George A. Willett was born in Union county, Kentucky, Sept. 10, 1859.

He married Miss Mollie Burks in Ste. Genevieve county, Mo., in the year 1887. To them were born six children—two girls and four boys. Two little ones have been called to their heavenly home.

"One by one we all are going
As the hour of life grows late,
But Oh! the joy there is in knowing
We shall meet beyond the gate."

Mr. Willett came to Perry in 1894 and has lived here since that time—a kind friend, an exemplary neighbor, a devoted father and husband and a true and loyal Christian.

He was devoted to his home and to his family. His patient, untiring cheerfulness throughout hours of pain was wonderful.

While away from home he met with a severe accident which resulted in his death. With utmost care he was carried by tender hands to his home where all that loving care could do was done for his relief. But his injuries were beyond mortal help and on Friday evening, Oct. 16th, 1906, he passed from this world of sorrow to a purer world, and to a larger, fuller life with God.

Mr. Willett was an ardent church member and worker, having united with the Baptist church of Perry in the year 1896, and what a consolation it is to know that he was ready to meet Him face to face.

At the close of the service the casket was taken from the Chancell rail into the vestibule, and the congregation given an opportunity to see the remains. The interior of the casket was one bed of roses upon which rested the peaceful sleeper. Interment in Grace Hill cemetery.

TEACHERS' ASSOCIATION.

The meeting of the County Teacher's Association last week was a successful and interesting one for the teachers, and was largely attended by as intelligent, progressive and fine a body of men and women as any county in the State could produce. The following resolutions were adopted by the association:

We, the teachers of St. Francois county, in association assembled at Farmington, Mo., Nov. 1, 2, 3, 1906, do hereby resolve:

1. We extend our thanks to the Farmington people and teachers for the most cordial welcome extended to us, and their untiring efforts to make our stay pleasant.

2. We thank Rev. Fontaine for his excellent and instructive address on Thursday evening, and the Farmington teachers and pupils for the pleasant social time after the address, and Supr. Dunlap for his careful plans for entertaining the association.

3. We appreciate the interest of Miss Shea of Cape Girardeau and trust she may find it convenient to visit our county again soon.

4. That we are strongly in favor of county supervision by State legislation, and earnestly urge our representatives in the State Legislature to use every legitimate means to have such a law passed.

5. We commend the course of some of the schools of the county in making an active effort to aid in the enforcement of the anti-cigarette law, and we call the special attention of the Prosecuting Attorney and the grand jury to the violation of this law and the harm that comes from neglecting to enforce it; and we pledge ourselves to assist in securing evidence of its violation by reporting all cases that come under our observation.

6. We favor a free text book law in Missouri and petition our next Legislature to re-submit the Rubeys amendment.

7. That we favor a constitutional amendment raising the State appropriation for public schools from one-third to one-half of the general revenue of the State.

8. That we favor a compulsory law that will compel children between the ages of eight and sixteen years to attend some approved school for the entire time that school is in session in their respective districts.

9. That we favor the new movement toward raising the qualifications of teachers.

10. That we heartily endorse Hon. Joe W. Folk in his fight for civic righteousness, and assure him of our hearty co-operation in his attempt to eliminate race-hatred and corruption from high places.

11. That we endorse the fearless administration of Hon. Theodore Roosevelt and his stand for the rights of the people against the claims of organized wealth.

Moothart Seconds 5—High School 0.

The second football team of the Moothart Business College defeated the High School team last Friday in their football game by the score of 5 to 0. Neither side scored until about the last 5 minutes of play, when Moothart scored on a tandem backs play with Simmons carrying the ball. Probably the best playing was done by "Bully" Young, who repeatedly broke through the line and tackled the runner for a loss. Taylor Smith was also very much in evidence, his tackling being hard and accurate. The Moothart team will go to Bonne Terre Saturday to play the Bonne Terre High School team.

Rev. Van E. Rice and his wife of Kennett were riding in a wagon on the 30th ult., when it was struck by a Frisco train at Senath, and Mr. Rice had his skull fractured so that he died, and his wife is in a very serious condition.
